

Ring size guide

- Select a ring that properly fits the intended finger.
Is it a surprise? Ask your significant other's friends or family if they know their finger size, or borrow one of their rings for the correct finger.
- Print this pdf at full size, 100% scale.
- Measure the scale bar to ensure it is exactly 1 inch or 30mm long.
If the measurement is not accurate, reprint page at 100%.
- Match the **inside** edge of the ring to the circle nearest in size.
If the ring size falls between two sizes, order the larger size.
